Roland®

VersaOBJECT MO-240

DIRECT-TO-OBJECT PRINTING AT ITS FINEST

HIGH-SPEED PRODUCTIVITY **HIGH-DEFINITION OUTPUT** **ULTIMATE VERSATILITY**

High speed with the fastest flatbed UV printer in its class

▶ Staggered print heads, powerful lamps and increased bed size make the MO-240 the ultimate in high-production flatbed UV print.

▶ Deliver printing speeds up to 1.2 times faster than comparable models from other brands.

▶ Twice as fast as previous models when printing white or gloss ink.

Unrivalled print quality with a complete solution

▶ Specially formulated, wide-gamut EUV5 inks image beautifully and allow for easy, precise matching of corporate and brand colors.

▶ Reproduce small letters, fine textures, gradations and high-quality graphics with ease.

▶ Additional Red and Orange inks extend the color gamut ensuring accurate color matching.

Versatile and flexible to address any business need

▶ EUV5 inks can be printed directly on objects and substrates never previously considered, expanding your creative options.

▶ Distance Mode makes it possible to print high-quality graphics on curved or uneven surfaces.

▶ An optional Rotary Rack printing unit allows customization of cylindrical objects.
