

# International Freight Forwarding

USCutter.com will gladly ship to any freight forwarder in the United States at the buyer's request.

A. USCutter.com may not be able to ship everything on our website outside of the United States. Some vendors may already have distributors in your area so we may not be able to.

Some example brands that we can't ship outside of the U.S. - Wide Format HP printers, Graphtec, Roland, Mimaki, UniNet, Sawgrass, any dropship items, custom by the foot/yard material, liquids, and a few other items.

B. The only accepted payment method for international export via freight forwarder is wire transfer. USCutter does not currently accept any other forms of payment for international orders.

C. Customers are responsible for all cost of shipment to the Freight Forwarder.

D. All items are still covered by the USCutter warranty, however the customer is responsible for any shipping costs to and from the USCutter returns/repair center per the warranty policy.

E. USCutter will gladly ship to any freight forwarder in the United States at the buyer's request.

F. All international orders must be completed with a USCutter Sales Agent at this email address. [International@USCutter.com](mailto:International@USCutter.com)

(USCutter.com reserves the right to refuse shipping to any location for any reason)
