

15oz BLACKOUT SCRIM BANNER

GreenStar Part #:

Product Code: VL-LU15-XXX-00B

. PRODUCT GUIDE .

15oz Blackout Scrim Banner is a 18-mil 2-sided Vinyl Banner Media. This opaque media has a high tenacity polyester core and blackout liner sandwiched with White Vinyl on both sides. This Banner Media is designed to accept most solvent-based inkjet and UV curable inks used in wide format digital printing systems.

Weight [FS-191-5041]	15oz / square yard
Base Fabric [DIN EN ISO 1049-2 / 2060]	100% Polyester - Knit [9x9 / 500Dx500D]
Tensile Strength [FS-191-5102 -grab]	125 lbs x 125 lbs
Tear Resistance [FS-191-5134 -tongue]	30 lbs x 30 lbs
Adhesion [FS-191-5970]	at least 9 lbs / inch
Temperature Resistance [FS-191-5874]	-22° F ~ 158° F
U.V. Resistance [Weather-O-Meter]	Not excessive fading after 1,000 HRS
Flame Resistance	Pass
Finish	<i>Matte</i> Finish

This media is designed for exterior and interior sign and banner applications. In any exterior application, care should be taken to reinforce hems with webbing and "D" rings attached to the webbing. Grommets should be through the webbing reinforced hems. Fasten securely at all four corners and at grommet points to prevent wind flapping. Wind-whip can cause a banner to self-destruct.

Store in a cool dry area. Prolonged exposure to heat will shorten the shelf life and printability of this media. Standard shelf life is 1 year.

When rolling banners for shipping or storage, care should be taken to make sure the ink has completely cured. Inks not completely cured may re-wet and block.

This information is offered for your general guidance only. It is accurate to the best of our knowledge at the time of printing but is not intended to relieve the user from its' responsibility to investigate and understand other pertinent sources of information and to comply with all laws and procedures applicable to safe handling of this material
